At this workshop you will learn how to teach your dog some fun tricks.

We will show you how to teach your dog specific movements such as spins, roll overs, weaves, backing, crawling, jumping and many more.

If your dog knows how to retrieve you will learn how to expand on that skill.

We will also be working with boxes, hoops, barrels, and other props.

Tricks can be a wonderful way of having fun and bonding with your dogs; keeping them active and mentally stimulated; entertaining friends and family; or making your nursing home visits more interesting.

Most of the tricks will come from the AKC Trick Dog title requirements. Trick dog testing will be available at a special price at the Kennel Club’s Obedience and Rally Fun Match on Saturday, November 2, 2019.

You can learn more about the AKC Trick Dog titles on the AKC website (<https://www.akc.org/sports/trick-dog/>). Follow the link and click on “Evaluator Guide” for a more detailed description of the tricks.

Please bring toys and plenty of hand-held, non-crumbling treats.

**NOTE:** Due to limited space, only dogs entered will be allowed at this event. While no special training or skills are required, your dog must be well-behaved and under your control at all times. Disruptive dogs will be asked to leave the building.
